

The Wildcat Weekly

Winside Elementary School

NOVEMBER 27, 2017

ELEMENTARY WINTER CONCERT The elementary winter concert is scheduled for Tuesday, December 5th at 7:00 pm in the high school gym. Mark your calendars!

EARLY DISMISSAL Students will be dismissed from school at 1:30 pm this Friday, December 1st due to teacher in-service.

INTERNET SAFETY The topic of children's online activity has recently come up at school. There are obvious concerns that pose dangerous threats, such as online predators, as well as concerns regarding too much online video gaming. What parents may not be as much aware of are videos and content that seem to be made for a younger audience but are really geared toward a much older one. These videos and content material are very inappropriate for young viewers, yet students are coming to school and repeating and imitating the actions and words they see and hear from their online use. This type of behavior can significantly disrupt the learning environment. For your child's safety and well-being, please closely monitor his or her online choices and habits!

Numbers in the News
See how many numbers from 1 to 100 your child can find in today's newspaper. Page numbers, dates, and store adds will be good places to start the search. But students will also find lots of numbers on the sports page and throughout the newspaper. Cut out the numbers and paste them in sequence on a sheet of paper. Which ones are missing?
