

The Wildcat Weekly

Winside Elementary School

DECEMBER 18, 2017

We did it! The elementary students collected nearly 1,300 items for the Winside Public School Backpack program, Wayne Food Pantry, and Haven House. This is a tremendous accomplishment, as we surpassed our goal of 1,000! Thank you to everyone for donating items to this worthy cause! The students will enjoy a movie and popcorn in January.

In addition to the movie and popcorn party, the PK-12 students achieved another treat - a **10:00 late start when they return to school on Wednesday, January 3rd**. Please note this on your calendars.

CHRISTMAS BREAK It's almost here! Students will be dismissed for Christmas break on Friday, December 22nd at 3:35 pm and will return to school on Wednesday, January 3rd.

MISSION

Winside Public School provides all students high levels of learning to be college and career ready in the 21st Century.

Maps & Math
 Maps are a great way to learn about coordinates. Study a globe or map with your child. Talk about longitude and latitude. Figure out approximate coordinates for a variety of places on Earth. Then give the child coordinates (for example, 10 degrees East longitude and 60 degrees North latitude) and ask what country is found there.
